

RECOMMENDATION LETTER

For Shebin Koonathethil

20 May 2021

To Whom It May Concern,

It is with great enthusiasm that I recommend Shebin Koonathethil. I was Shebin's employer for over a year, working on several projects including website development, creating and hosting servers, and addressing both back-end and front-end issues. As an employee, Shebin showed a great degree of professionalism in her work ethic, timeliness and creativity, while constantly striving to find solutions.

It was a great pleasure to work with her. If not for the sole reason that the business had to close due to unforeseen circumstances, I truly believe I would still be working with her today.

Sincerely,

Meshari Al-Husainan

Former Employer
